### The Best Horseshoeing.

A horse's foot needs as much care and attention as a man's—something a great deal more. I make a specialty of expert horseshoeing. Having graduated from a veterinary college, and understanding thoroughly the anatomy of the foot and leg, it stands to reason that I am better prepared to shoe a horse scientifically and humanely than those who have not had these advantages. I shoe a horse for mobility and action, and successfully treat lame horses. Refer to 100 pleased patrons in Guthrie and vicinity.
